Why I'm running for Secretary

I became a member of NAHU at the urging of a fellow member, whom I worked for at the time. She shared what an impact the association had made on her career and would on mine as well. I began to see that through service of the association, I could have an impact on the industry at large. Shortly thereafter, I attended my first Capitol Conference and was forever hooked.

I am running for TAHU Secretary because I firmly believe in the mission of this association, and I believe that future sustainability and growth of the association is tied to members just like you and I, doing our part to make certain the next generation
(continued page 4 - see Carla Adams)

Simply put, I'm running for TAHU Secretary to give back to an association that has helped me grow personally and professionally.

During the past fifteen years I have made friends that are like family and gained a network of professionals that have helped me during my career. I have been serving my local chapter since 2012 and the State since 2017.

I am now at a point in my life that I have the time and experience to take on an EC leadership role. My goal is to continue the good work our association has done throughout the years and find new ways to connect and recruit the next generation of agents to the TAHU family.

benefits from the tremendous influence of NAHU and TAHU. My vision for TAHU includes sustainable succession plans, and support for our local chapters. Our local chapters are the lifeblood of our association, and it is imperative that we keep them strong.

I believe there are several opportunities to develop sharing of best practices amongst chapters and support models for struggling chapters. I look forward to serving alongside other great Texans who see a bright future for our industry and see the importance of service toward our shared goals.
